

<https://empg2025.sciencesconf.org/>

Dear colleagues,

Some news about the **EMPG-2025** meeting that will take place at **Orléans**, France.

Several **free inscriptions for students** are available (see procedure [here](#)).

We recall that **abstract submission** (1 per subscription) must be done [here](#), and **payment** must be done [there](#).

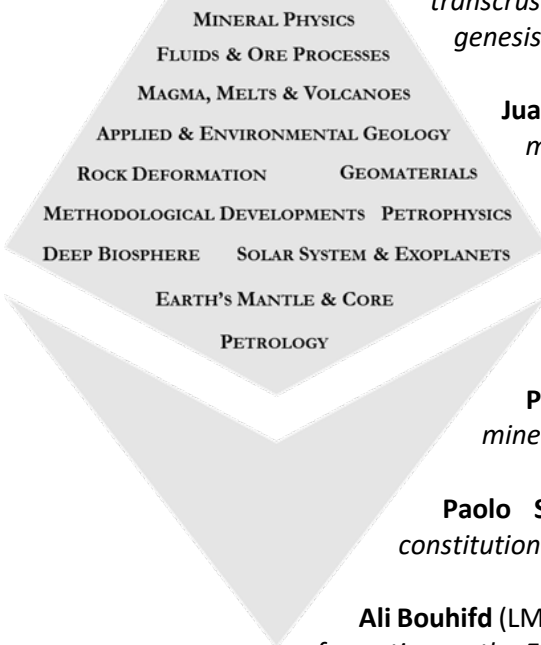

Confirmed keynote speakers:

Inaugural Talk: **Prof. Carmen Sanchez** (University of Munster): *Fluid-mediated mass transfers in subduction zones unraveled by in situ experiments*

Closing Talk: **Prof. Michel Pichavant** (ISTO, Orléans): *Some experimental observations of an unexpected behavior of crystals in magmas*

Nathalie Bolfan Casanova (LMV, Clermont-Ferrand): *Hydrogen isotopic fractions at high-pressure*

SESSIONS:

Zoltan Zajacz (Univ. Genève): *Halogens and metals in fluids in transcrustal magmatic systems: implications for porphyry ore genesis*

Juan Andujar (ISTO, Orléans): *Experimental overview of magma storage & differentiation at alkaline volcanoes*

Marie Violay (EPFL, Lauzanne): *Advancing Experimental Approaches to Characterize Rock Behavior at the Brittle-Ductile Transition: Insights for Deep Geothermal Energy and Beyond*

Patrick Cordier (UMET, Lille): *The role of amorphization on minerals and rocks deformation*

Paolo Sossi (ETH, Zurich): *Experimental constraints on the constitution of rocky (exo)planets and their atmospheres*

Ali Bouhifd (LMV, Clermont-Ferrand): *Partitioning of Hydrogen during core formation on the Earth and Mars*

Important dates:

In-Person Attendance (in Orléans)	Early (until Feb. 04)	Regular (until Feb. 28)	Late (June 01, No abstract)
Researcher	440 €	550 €	550 €
Student (graduate)	275 €	330 €	330 €
Accompanying person	275 €	275 €	275 €

Social Events:

- Ice Breaker Party (incl. in fees)
- Congress Dinner at [Campo Santo](#) (incl. in fees)
- ["Son et Lumière" on the Sainte-Croix Cathedral of Orléans](#)
- Visit of the experimental platform of the [ISTO](#) Laboratory

Field Trip:

We organize a pre-meeting field trip (South Brittany, 12-15 June) including transportation from Paris and ending in Orléans the day before the congress. This field trip will give you the opportunity to visit the beautiful world-class metamorphic terrains at "Iles de Groix" and "Quiberon". We however have to work with a very limited number of participants (15-25). Find a full description of the field trip [here](#).

If you want to participate in this field trip, please pre-register by sending an email to empg2025-fieldtrip@sciencesconf.org. The exact price will depend on the number of participants but should be in the range €950-1200 (including coach travel from Paris, accommodation and meals).

Accommodation:

To offer accommodation solutions at competitive rates, the EMPG 2025 organizing committee has established a partnership* with the Revolugo platform.

They offer a wide choice of accommodation at specially negotiated rates!

With our partner, you'll be guaranteed that your hotel reservation, data and personal information will be protected and secure.

If you would like to take advantage of the best offers, we invite you to book as soon as possible."
